

Trails of Lone Pine

Hiking and mountain biking are permitted on most of Lone Pine's trails.

The trail system has something for every one, from a peaceful hike to a challenging

mountain bike ride. Stop at the Visitor Center for a suggested trail route and more in-depth trail information.

The Archery Range

The archery range, located in a remote section of the park, is free and open to the public. Archers will enjoy a half-mile-long course with seven silhouette targets. The course terrain offers challenging shot angles and ranges.

The Local Wildlife

A variety of wildlife can be found at Lone Pine, including songbirds, raptors, white-tailed deer, red fox, and a wide variety of small mammals. Occasionally black bears, bobcats, and mountain lions pass through the park as well. Lone Pine is a wonderful place to view and learn about wildlife. Daylight and dusk are best for spotting animals.

The Lone Pine Visitor Center

Overlooking the dramatic Flathead Valley is the newly remodeled Visitor Center. Explore the interactive interpretive displays and discover how to live with wildlife.

Learn about all the creatures, big and small, that live in and around Lone Pine and the Flathead Valley through the beautifully designed exhibits.

Become a steward of the land and learn how your choices make a difference. Stop by the park store for unique gift ideas.

Continue your learning experience by joining one of Lone Pine's many diverse and stimulating interpretive programs offered throughout the year.

From short, guided interpretive hikes to adult workshops to weekly youth nature programs, Lone Pine offers programs for every member of the family.

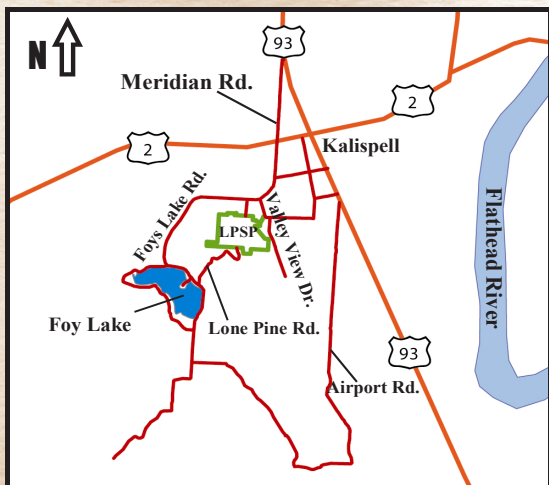

Lone Pine is also a great place to host an event, hold a business meeting, or have a family gathering. For more information on renting the indoor and outdoor facilities or for upcoming programs and events, please call 406-755-2706.

Scenic Overlooks

The dramatic views from Lone Pine's scenic overlooks are the best in the Flathead Valley. On a clear day you can see Glacier National Park, the Whitefish Mountain Range, the Swan Mountain Range, and Flathead Lake. A short self-guided interpretive trail leads to viewing perches high above the valley floor.

Getting There

From downtown Kalispell head west on US Highway 2 to South Meridian Road. Follow South Meridian to the edge of town where it becomes Foy's Lake Road. Continue four miles on Foy's Lake Road to Lone Pine Road (opposite Foy's Lake). Turn left on Lone Pine Road and drive one mile to the park entrance. Highway signs are located along the route.
